Governor

Department of Personnel  
Larry E. Trujillo, Sr.  
Executive Director

In accordance with CRS 24-30-903(6) The Department of Personnel has adopted Project 25 (ANSI/TIA/EIA 102 Suite of Standards) as the recommended Standards to be used for the replacement of analog based equipment with digital based radio systems. These Standards will be used in the State of Colorado's Digital Trunking Network.

## 24-30-903

(6) The executive director of the department of personnel shall:

- (a) In consultation with recognized public safety radio communication standards groups, appropriate affected public agencies, and the chief of the Colorado state patrol, adopt recommended standards for the replacement of analog-based equipment with digital-based radio equipment for purposes of dispatching and related functions within the department of public safety; and
- (b) For purposes of serving the radio communications needs of state departments including, but not limited to, the departments of public safety, transportation, natural resources, and corrections, adopt recommended standards and set a timetable for the replacement of existing radio telecommunications equipment with a system that satisfies the requirements of the FCC public safety national plan.

Larry E. Trujillo, Sr.  
Executive Director
